Dedication

this book is dedicated to our red brick building

Where we learned and grew
Where we laughed and cherished
Where we met friends, families, coaches, teachers, mentors, and
all the other people who supported us along the way

thank you...

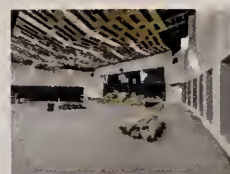

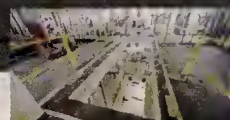

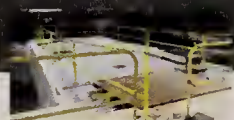

**OLD
TIMES**

40 years ago this red brick building was constructed on Skillings Road- it became Winchester High School- where generations of Winchester residents studied at and grew. This was the building which thousands of kids used as their stepping stone into the adult world and the rest of their lives.

In 2014 the Winchester High School Project began to reconstruct this rich but aged building. When we came back in 2015, we witnessed our building's growth under the new design. Just as we were reinventing ourselves and constructing our lives, so was the high school.

Letter from the Editors

Dear
Class of 2016

and students and faculty
of WHS

This past year, we have been planning and designing the book you hold in your hands today. Our goal was this: to memorialize this year by capturing its unique essence. The laughter, the tears, the spirit of reinvention, and everything else that made this year special. This is why we decided that the theme of this yearbook should be "Under Construction".

I've heard many times a senior saying that she gets lost more often now than she did as a freshman. And certainly, all of us have heard the soothing construction noises as well. Yet this bizarre situation of attending a half constructed school has undoubtedly been an experience one can't forget.

Just as we, at this pivotal age, are constructing and reinventing ourselves, so is the high school. The high school's construction signifies the spirit of Winchester- that though we will always stay true to our rich roots, we aren't stagnant. As times change, we're not afraid to adapt and renovate ourselves to make way for a brighter future.

And so we challenge you, Class of 2016 and the rest of WHS, to take inspiration from the spirit of construction. As the future unfolds, we too will need to build our lives from the bottom up. What is most important is that we have a beautiful, solid foundation upon which to build it.

It's been a crazy 4 years. For many of us, it's been even longer. For some of us, it's been our whole lives. Wherever we came from, what matters is we finish this chapter of our lives together, and move onward with the same spirit that brought us together as students, teammates, and friends. Here's to an amazing Journey we've had, Class of 2016, and here's to the new one that unfolds.

*With love and
best wishes,*

-Ilina Shah and
Rosanna Zhang

WHS Gives Back

WHS Gives Back is a tradition started in 2012 by the Class of 2013 as a way for our student body and school community to give back to those less fortunate around us.

It is a joint effort between the WHS Student Council and the class officers of all four grades, with the assistance of teachers Stephanie Kudlate and Krystin Beauchesne.

Now four years later, we have raised more money each year.

This year, WHS donated \$11,769.36 and helped provide gifts and holiday cheer to over 100 local families.

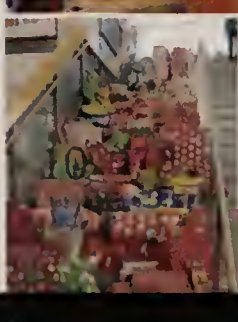

Students bought hundreds of gifts at Target and then wrapped those presents in their homerooms.

We gave a wide range of presents, including stuffed animals, winter coats, crayons, sleds, clothing necessities, and even a full sized bike to kids ranging in age from 1-18.

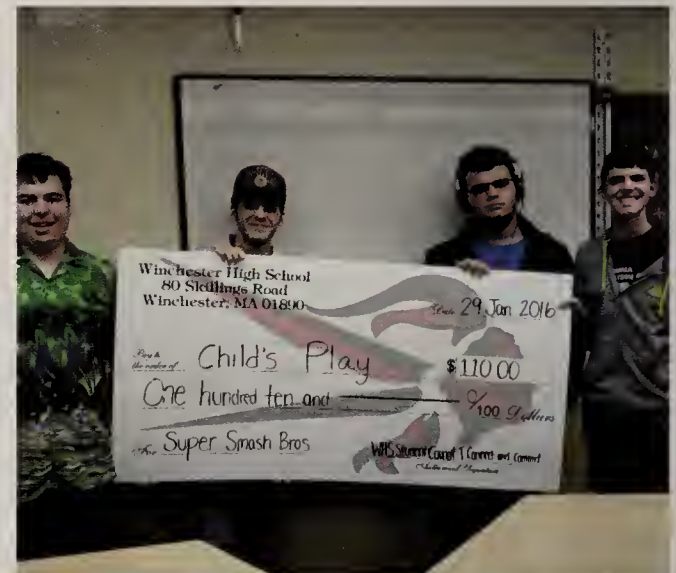

A celebration was held right before the winter break on December 23rd, featuring the WHS choral program and jazz band.

Thank you to everyone who helped WHS give back!

Community Service

Community service has been a big part of the Sachem spirit. Each year, various student organizations participate in and initiate projects to give back to the community and raise funds for different causes. From School the World to Socks in the City, students engage in both their local neighborhoods and places outside of the United States. Here are some of their contributions.

180 School Days General Candids 1000+ Hours of Memories

Winchester High School is a great place for students to bond, whether it be over creating robots, playing soccer, or making small talk about the pros and cons of the construction (cons especially lead to greater bonding). Want to make some new friends? Go attend a team dinner and talk to upperclassmen, or sign up for

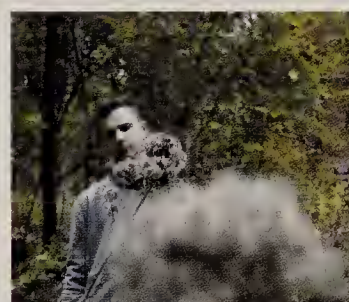

a JSA (debate) competition. Grab a few people and go out for meal. Sometimes, you may find yourself on a field trip in the woods. Whether you like window shopping or wrestling, singing or sleeping, it's easy to find people who share your interests. Because, who doesn't like sleeping?

Damn Yankees and Suite Surrender

Q&A

A CONVERSATION WITH THE DIRECTOR (SHARON MARTIN)

Special thanks to the Winchester Star for this excerpt (Feb. 25, 2016: Play ball! Winchester High School presents "Damn Yankees")

Q: Why did you choose "Damn Yankees"?

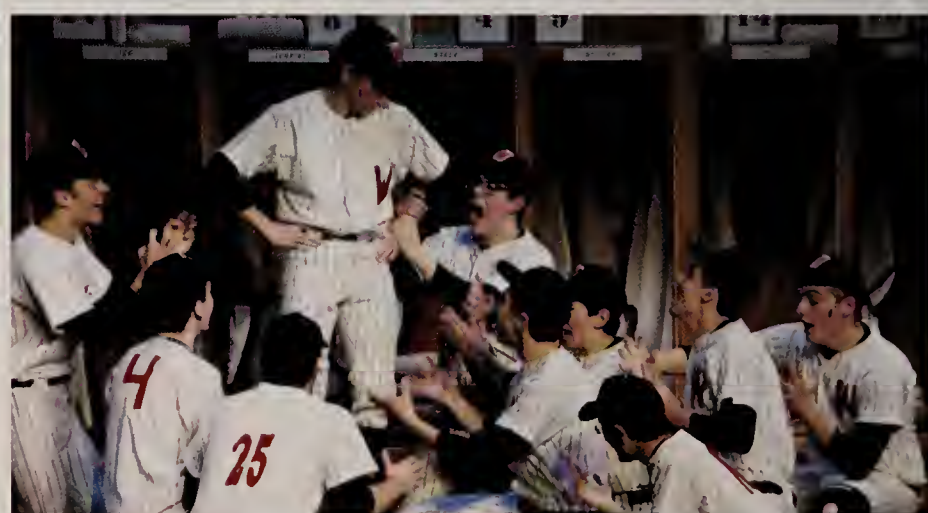

A: I saw the show on Broadway many years ago and fell in love with it. It is such a fun show with great music, a lot of humor and a positive message.

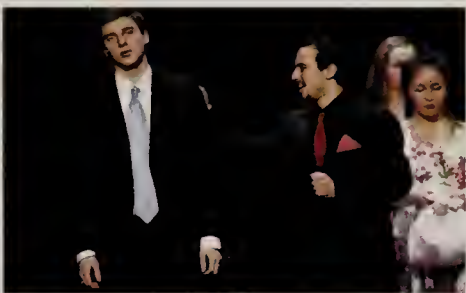

Q: Does it play to the strengths of the actors?

A: Absolutely! After seeing the student-run fall play Suite Surrender, I knew the musical had to be a comedy. We have so many talented kids here with great comic timing and amazing voices.

Q: What do you look for when you choose a show?

A: I look for a show that will attract the kids to audition and will bring in an audience. I also like directing a show that has a message or something that the cast and audience can bring home.

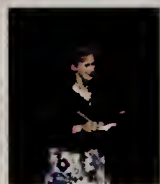

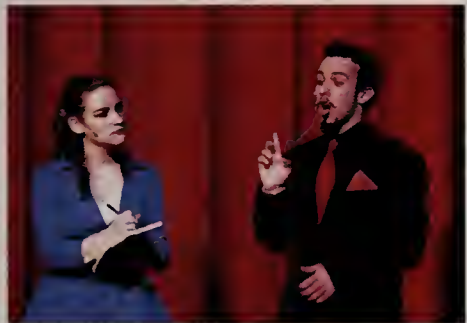

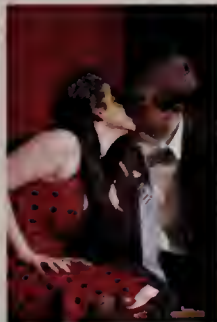

Play Descriptions

A hilarious story, written by Michael McKeever, about Bernard S. Dunlap, the General Manager of the Palm Beach Royale Hotel and it's hosting a USO show featuring two of Hollywood's biggest stars, Athena Sinclair and Claudia McFadden. There's only one problem. They hate each other and will attack on sight. So now Mr. Dunlap must deal with the two divas, Navy men jumping off balconies, fires and a dog named Mr. Boodles.

SUITE SURRENDER

The show is about a man, Joe Boyd, played by Sam Connon, who is a Washington Senators fan. He makes a deal with the devil, Mr. Applegate, played by Owen Kramer, to become a young Senators baseball phenom. He must leave his wife Meg, played by Olivia Minchello, to become the young player Joe Hardy, played by Andrew Polcari and lead the Senators to victory over the New York Yankees. Along the way, he is confronted by a reporter, Gloria Thorpe, played by Francesca Panzara, who doesn't believe his story, and the devil's temptress Lola, played by Taomi Kenny. The team manager, Benny Van Buren, played by Mike Ragone, believes in Joe and is thrilled his team is finally winning games. Joe is faced with the decision whether to remain young Joe and help win the pennant for the team, or go back to his wife and the life that he has now learned to appreciate.

DAMN YANKEES

QUOTES

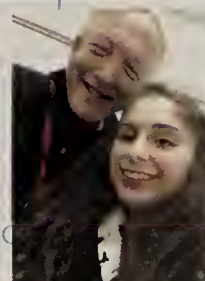

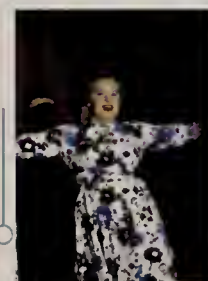

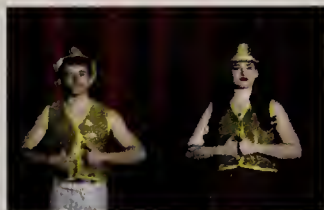

About the Plays

"Suite Surrender is by far the best High School play I've seen so far. It was incredibly funny and I'm not exaggerating when I say that many of these actors are going to be successful professionals if this is the level they are already at. Props to Owen Kramer and Mike Ragone for directing such a great play!"

SUITE SURRENDER

"This play [Damn Yankees] is my favorite ever. They really did not hold back with the jokes, nor with the sadder moments. It was emotional, funny, and a treat to watch. Phenomenal singing and acting (and dancing!). The actors blew me away... But what will really stick with me is the impromptu dabbing."

If the Under Construction theme is relevant to anyone, it's you, Class of 2016. We are at that phase of our lives where we must be builders, whether we like it or not. High School has been about trying to give us the tools with which we can build our lives in a brighter, better direction. But no house can last without a solid foundation. Friendship, mentors, relationships, sports, art, childhood memories, curiosity, fun- these are the reliable materials we hope your foundation has been made with.

AND NOW, LET'S TAKE A LOOK AT THE CONSTRUCTION PROJECT OF OUR LIVES.

Describe

YOUR SOPHOMORE YEAR
 EXPERIENCE

"When Chemistry consumes
 your life"

"My sophomore year has been
 great so far. I got to try so
 many new things I'd never done
 before, from baking bread to
 entrepreneurship. Shout out to
 squad!"

"Junior year, bring it on."

"I'm great to the core, I'm a
 sophomore"

"I only have two more years to
 go. I don't know how to feel
 about that haha. Like if that's
 sad or exciting. But I think I'll
 really remember this year- I
 think I grew a lot."

"The year of the learner's
 permit"

#StillRecoveringFromChemistry

"Isn't it crazy how we can look
 back a year ago and realize how much
 everything has changed? The
 amount of people that have left your
 life, entered and stayed. The
 memories you won't forget and
 the moments you wish you did.
 Everything. It's crazy how all that
 happened in just one year."

BOYS CROSS COUNTRY

WORDS FROM THE CAPTAINS

The 2015 boys cross country team was the best team that we've had in several years. We finished the season with a record of 6-1, losing a dual meet only to Lexington. Our best regular season win was against Arlington; the final score of the meet was 28-28, but we won on the tiebreaker because our team had more depth. To cap off a successful regular season, we finished 2nd in the whole Middlesex League at our annual League Meet, again losing only to Lexington. We had two Middlesex League All-Stars, Jacob Zuch and Brennan Clarke. Zuch was also an All-State qualifier. We had a lot of fun this year with a big group of guys. Our goals for the team in the future are to keep up our momentum from this year, get more strong recruits, and be a contender to qualify for All-States every year!

GIRLS CROSS COUNTRY

WORDS FROM THE CAPTAINS

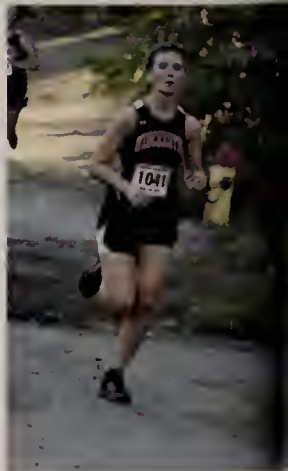

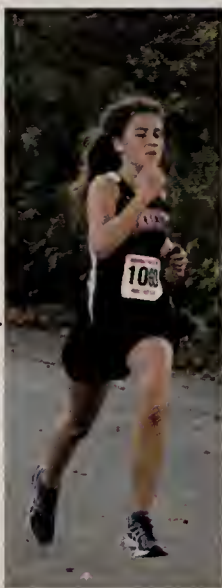

The awesome thing about XC is that everyone starts out thinking that they can't possibly run three miles, but by the end of the season there is so much improvement seen in each person. The best part of races is seeing your teammates set new personal records for themselves. I'm so proud to see all the enthusiasm that was put into this season, and I'm definitely going to miss all my hard-working girls.

KAI KAI MACLEAN

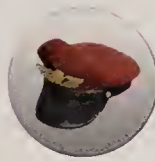

Our XC season was quite eXcellent, and super eXCiting! I'm really proud of how everyone pushed themselves up those hills, around that track, around town! The XC family has been extremely supportive and loving, and I'm sure lots of happiness and more hard work is in store for next year's team. Get eXCited and ready to run!

WHS FIELD HOCKEY

STEPPING UP TO THE GAME

WORDS FROM THE CAPTAINS

This year, we made it to the state tournament for the first time in 2 years. We lost in the quarter finals against Needham. We had four Middlesex League All-stars this year: Madison Micciche, Melissa Zavez, Eleanor Sharon and Carla DiBiase. We also had two school records broken this year. Melissa Zavez became the 8th all-time scorer for field hockey at the high school and Carla DiBiase became the 4th all-time scorer. Our record was 14-3-1. We had such a fun season and couldn't have asked for anything better! Although we had a lot of injury and illness this season, we were able to persevere and have one of the best seasons in WHS Field Hockey history! So proud of this team and what we have accomplished, #michellesarmy forever. Long live red tips. Don't let Pine touch the scissors!

Words From

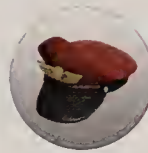

The Captains

"The team rarely got to practice as a whole this season, with long-distance guys usually running after school and short-distance & field event guys typically practicing in the evenings at Joyce in Woburn. Even though the team did not usually practice as a whole, we came together when it mattered for our meets and saw athletes improve in all the different events. The team's future is looking bright since our guys consistently showed great performances despite the inconveniences of the practice situation. And we're in good hands with Mr. Tully!"

"It's all coming back to me, Terry!"

Mr. Lannon's theories.

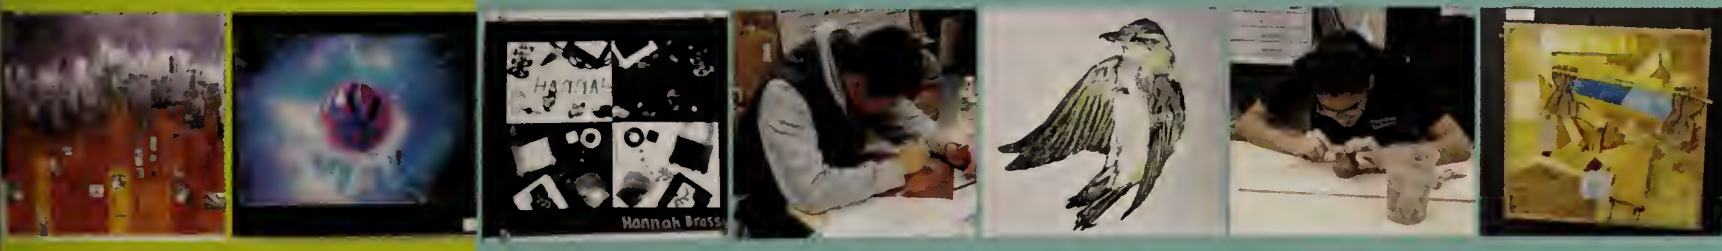

"Taking art at Winchester High School has been really great. It doesn't matter what level you're at- you always get a really nice space to just let your creativity loose with whatever tools you need. It started out as a nice "escape"/oasis from the stresses of school but turned into something even more meaningful for me. I think the cool thing about art is that you learn to make your vision a reality- that's something that certainly comes in handy in life. Thanks to all the teachers who pushed us, challenged us, and let us unleash our creative sides, and couldn't have picked better peers to go through it with!"

'Senior Honors Art was by far my favorite class in my high school career. Everyone here feels like family to me, it never felt like work." -Glynis Anderson

"My experience in the WHS orchestras taught me so much about music, from legendary arch maps to his historical lessons on composers. It also lead to some of my favorite adventures in high school. I'll always remember strolling around Epcot on the 2015 Disney World trip and my times at the Too Close for Comfort Inn in NYC. The trademark characteristic of being in the orchestras is the laughter that results from the easygoing and friendly environment." -Kai Maclean

WHS MUSIC

"Music is a world within itself, with a language we all understand." -Stevie Wonder

Dr. McCann is one of the nicest and most patient teachers I have ever had. Having him for five years in a row has definitely helped my music learning. With orchestras, we're usually together for many years, and whether it's in rehearsal or in concert or on trips (like Disney!), we always manage to have loads of fun together!!!"

MEMORABLE QUOTES...

"Mozart...ah Mozart!"
-Orchestra students

"Hey wait guys, what's that?"
everyone quiets down "Oh! It was the sound of silence!"
-Dr. McCann

"You high school boy" -Mr. Costello

"We need to talk about the uptick in elevator activity an hour after check ins" -Dr. McCann

"Long live DMac" -Izzy Ma

"This is why tigers eat their young"
-Mr. Costello

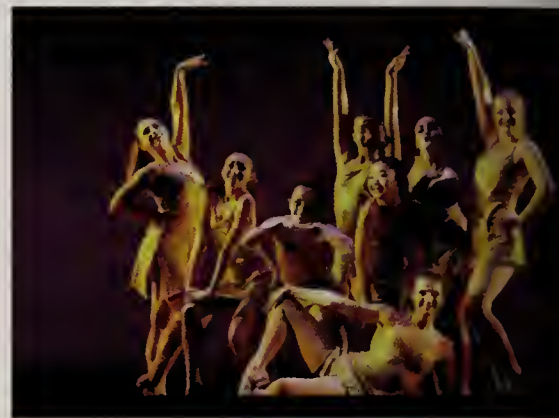

I came back to WHS Junior year and initially focused on art/dance, so to go directly into an honors music program senior year was a bit intimidating at first. But I honestly think I've grown a lot as a musician and getting to play with some really great musicians has been a pleasure. Mr. Costello gave me (and many of us) a chance and held us all to high standards- and I couldn't have asked for a better experience. Thanks to the WHS Music department I got to do weird things like playing the mbals- something I really wouldn't have predicted... ever. That's what's great about a program like the one we have. You never know where you might end up. Take advantage of what's available to you and keep playing WHS!" -Ilina Shah

In a small room of a retreat center in a vineyard town in California, colored prints swirled around me in every direction. Ek, do, teen, chaar, we counted, each spin a mountain to be climbed. We had done at least 200 chakkars, or Kathak "pirouettes", and weren't stopping any time soon. There was a bitter coldness outside, yet that room was an anomaly of crowded heat; sweat pooled on the floor. Eventually, my friend slipped and Dada-ji lent us a break, all of us laughing at the absurdity of it. "Okay, position!" a Bengali accented voice commanded- and so we returned, for a few hundred more, our shins aching, our arms dying, and our breaths turning into gulps of air. It was a bliss unlike anything I'd ever experienced.

I truly found discipline, richness, and self-expression through the Indian Classical Art Kathak at the age of 9 (not just as a dancer, but as a person). My school's ideals are cemented in the "9 Principles", which highlights concepts such as Sadvyavhar aur Tehzeeb, or Attitude and Etiquette. These values were intertwined in everything we did in the classroom, but they profoundly impacted me beyond it as well. Within our dance, technique requires years to be developed, and learning is a life-long endeavor.

Yet Dada-ji, the man instrumental in founding Chhandika's parent school, always said, "It doesn't matter to me how good you dance. It's how you walk into the room and say Namaskar that is most important." Such sentiment solidified many values in me, such as the importance of humility, kindness, and respect. Dance was not something I did to show off in a performance every once in awhile; it was a rich world which offered physical, mental, and spiritual groundedness. Truly, it became meditation in motion.

Dance, like that sweaty, aching day in California, can be torturous. And yet, every single one of us suffered through that because wanted to- our families or we ourselves paid for our flights to California to go through that "hell". Fundamentally, Kathak taught me that "the only person you should try to be better than is the person you were yesterday." When we put our bells on and stood on the dance floor, we aimed to push ourselves to the next levels, and to surpass the boundaries blocked by our minds. This was true whether it was the 9 year old who started a months ago, or the professional who had been learning for decades. I found myself grounded when I understood almost physically that discipline was the secret ingredient in a yielding happiness.

MORE THAN DANCE

By Ilina Shah

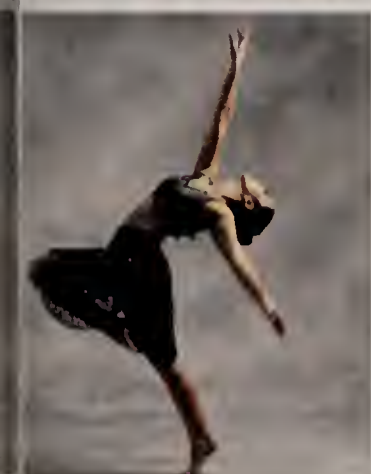

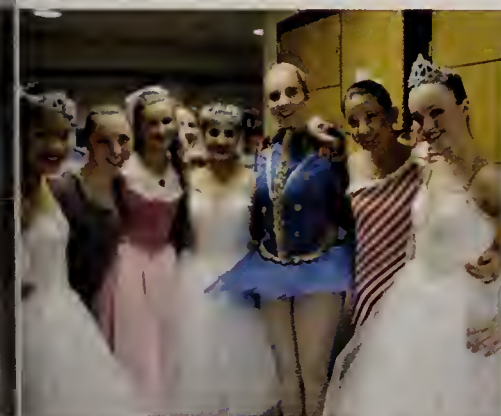

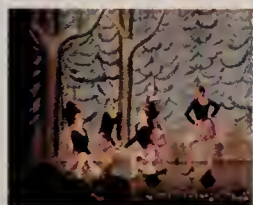

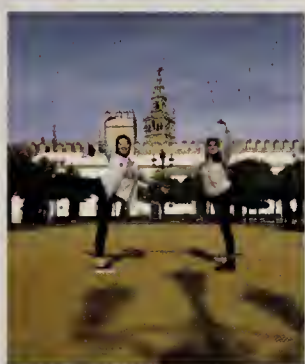

This past summer, I spent three weeks in New York City at a dance program with two of my close friends. The experience was life changing for me as a dancer, and I got to work with well known choreographers."

*Ella Jenke
Contemporary*

"This is my last year of dancing in Winchester, its been a good ride. I got my first major solo in the Nutcracker this year as the General. I've made wonderful friends throughout these last 14 years. I've become a much better dancer."

"I love how so much can be expressed through dance. Dance is such an open-ended art form, for open-minded people. It is a unique activity because it combines physicality with art. A dancer never stops growing and expanding; a few years back, I joined a Chinese dance troupe and began to study Chinese traditional dance."

Classic.

Two words: Join Yearbook.

WHS Yearbook is unique in that it is entirely student run (with the exception of our poor advisor, the awesome Mrs. Malmede). Students can be a part of creating something which will memorialize this momentous period of their lives. The best part is, there are no commitments besides the ones you choose to make. In conclusion, why aren't you in Yearbook yet?

Shout out to the Sophomore boys for helping us succeed in our efforts to recruit more boys when there were none!

"Working to make this yearbook has been an incredible experience. It has been so much more than just designing pages (though that was certainly a lot of it). It has given me invaluable experiences regarding organization and leadership and has also made me more connected to my fellow classmates. After working to preserve and memorialize the wonderful things that happen at WHS and that WHS students do, one thing becomes evident. Winchester is full of amazing, talented, and hardworking people. It has been a pleasure to try and capture a portion of that greatness. Thank you for letting us being a part of it, and keep on exploring." -Ilina Shah

Love Always - Your biggest fans,
Dad, Mom & Tyler

Over the last 17 years, we have watched you grow from an adorable baby into a fine young man with high integrity and a very strong character.

It has been so much fun to watch you:

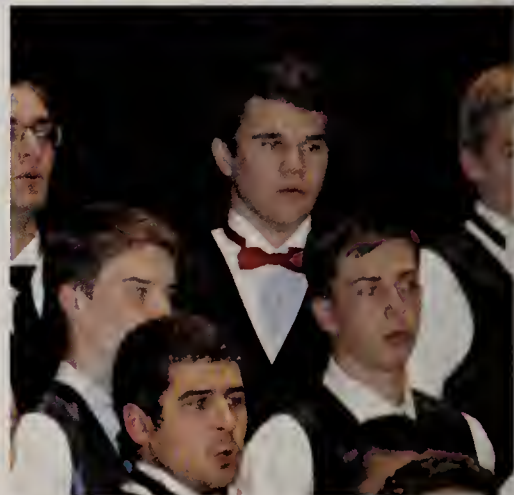

- sing on stage with the Octets
- race down the ski slopes
- sink a putt on the 9th hole at WCC
- play basketball in the driveway with the gang
- navigate the Aberjona in a canoe
- gather with friends for dinner, pick-up games and fantasy football drafts
- sell Class of 2016 merchandise at school events and outside Starbucks
- plan and prepare for the class dances (except for the neon paint on the garage floor and walls)
- embrace your Italian and British heritage
- play a jazz tune on the piano

We are very excited to see where the next leg of your journey takes you in life. Continue navigating life's bumps in the road with a positive and adventurous spirit, and enjoy the ride! Remember that we are always here for you and will support you in whatever path you choose.

You are an amazing person and we are very proud of you.

Much love and many blessings,

I am unwritten, can't read my mind, I'm undefined
I'm just beginning, the pen's in my hand, ending unplanned

Staring at the blank page before you
Open up the dirty window
Let the sun illuminate the words that you could not find

Reaching for something in the distance
So close you can almost taste it
Release your inhibitions
Feel the rain on your skin
No one else can feel it for you
Only you can let it in
No one else, no one else
Can speak the words on your lips
Drench yourself in words unspoken
Live your life with arms wide open
Today is where your book begins

The rest is still unwritten

WORLD YEARBOOK

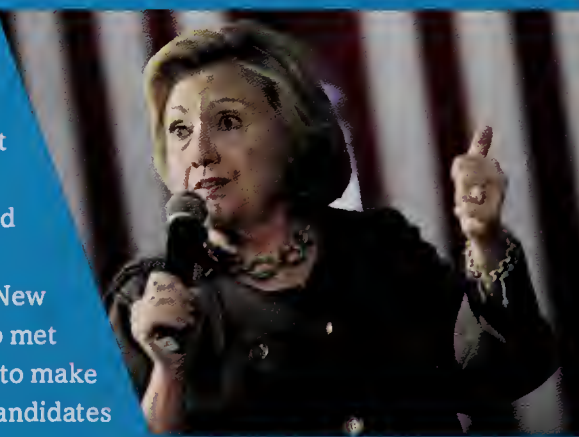

PILLARS OF CREATION In honor of the 25th anniversary of the Hubble space telescope, scientists captured a more recent image of Eagle Nebula's iconic sight of cold gas lit up by stars.

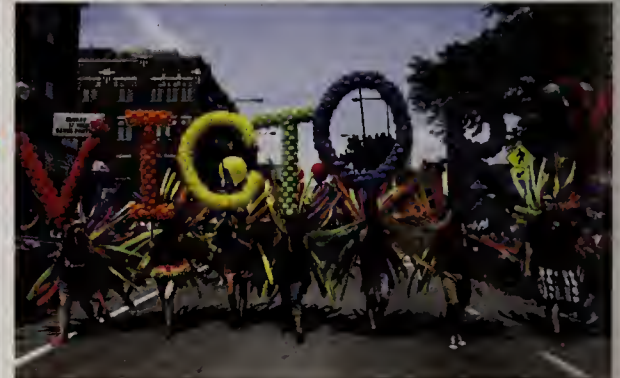

GUN RIGHTS VS GUN CONTROL Debates continued, deaths mounted and protests focused continued attention on the issue. With many mass shootings and a single-day record of 185,345 background checks for prospective gun buyers on Black Friday, the topic was ever-present. **MAJOR INCIDENTS** Mass shootings at a state-run developmental facility in San Bernadino, CA; a Planned Parenthood clinic in Colorado Springs; a community college in Roseburg, OR; military centers in Chattanooga, TN and a Charleston, SC church were deadly. **#BLACKLIVESMATTER** Because additional high-profile cases involving police-related deaths occurred, protests and debate about law enforcement and race relations continued.

IN THE MIX While a nomination would not be official until after the RNC in Cleveland in July, 2016, five Republican candidates remained active throughout the primary season. Ben Carson, a Maryland surgeon; Texas senator Ted Cruz; Ohio governor John Kasich; Florida senator Marco Rubio and New York businessman Donald Trump met in 13 debates and seven forums to make their ideas known. Ten other candidates had filed, but withdrew sometime before the first caucuses in Iowa and another seven left the race as primaries heated up. **LESS CROWDED FIELD** Maryland governor Martin O'Malley left the race following the Iowa caucus in January and Democratic presidential contenders Hillary Clinton and Bernie Sanders took turns "winning" states early on. Clinton, the former Secretary of State and New York senator, and Sanders, a Vermont senator, would continue to contest each other in primaries through the spring. The Democratic National Convention was scheduled for July, 2016 in Philadelphia.

EQUAL DIGNITY Just a month after the Supreme Court ruled 5-4 that states cannot keep same-sex couples from marrying and must recognize their unions, the Boy Scouts of America lifted its ban on openly gay adults as scout leaders. **AVIAN FLU** A severe outbreak crippled the domestic egg and poultry industries, affecting nearly 50 million birds, creating shortages and causing record-high prices.

REACTION & ACTION

THE CONTENTIOUS DEBATE SURROUNDING SYRIAN REFUGEES AND THEIR ACCEPTANCE IN THE US CONTINUED, WITH 31 STATES REJECTING THE IDEA.

In September, the Obama administration announced plans to increase the number of worldwide refugees accepted into the United States each year from 70,000 to 85,000 in 2016 and by another 15,000 in 2017. According to Secretary of State John Kerry, this step “is in keeping with the best tradition of America as a land of second chances and a beacon of hope.” Other world leaders also announced aid for the estimated 4.5 million Syrians who have fled their homeland since the civil war there began in 2011; Canada, France and Germany revealed plans to resettle families who continue to flee Syria — where healthcare, education systems, and other infrastructure have been destroyed and the economy is shattered.

FAR & AWAY

"WHEN TRAGEDY STRUCK THAT
EVENING, OUR HEARTS BROKE, TOO."
-PRESIDENT OBAMA

November 13 was a devastating evening for the entire world as tragedy struck in Paris, France. A series of carefully orchestrated attacks took place in the City of Love and its Northern suburb, Saint-Denis. Suicide bombings and mass shootings in the streets, restaurants, a concert hall and the Stade de France ensued; a final count of 130 people were killed, and hundreds of others injured. French President François Hollande quickly declared a state of emergency and French government tightened border controls. The attacks subsequently heightened terror alerts worldwide, as militant group ISIS claimed responsibility, releasing propaganda videos threatening forthcoming attacks in other parts of the world. Thereafter the French military conducted a series of airstrikes on Syria. Nearly a week later, ringleader of the attacks, Abdelhamid Abaaoud was tracked down and killed in a dramatic raid. Support worldwide was extended and a stronger fight against ISIS was collectively at the forefront.

TWIN SUICIDE BOMBINGS The deadliest attack on Turkish soil killed more than 90 individuals during a peace march in the capital of Ankara, nearly three weeks before national elections. The two bombs detonated seconds apart and were thought to target a rally of pro-Kurdish activists. ISIS didn't claim responsibility but did remain a prime suspect. **GREECE BAILOUT** The country, whose debt crisis began in 2010, received their third bailout in five years. Prime Minister Alexis Tsipras resigned, called for new elections following the 86 billion euro bailout and, again, was sworn in as Greece's leader on September 21. **PACIFIC TRADE DEAL** The Trans-Pacific Partnership involved 12 countries and aimed to strengthen economic ties, lessen tariffs, encourage growth and potentially create a single market like that of the EU.

POPE FRANCIS' HISTORIC VISIT The Argentine-born Pope journeyed to the United States for the first time in September. His stay lasted six days as he extended his love for the less fortunate and manifested his concern for helping the nation with their most pressing political, economic and social challenges. He even visited New York where a religious service was hosted at Ground

Zero. **TRIO OF HEROES** Three American men, Airman First Class Spencer Stone, Oregon National Guard Specialist Alek Skarlatos and college senior Anthony Sadler, aboard a train from Amsterdam to Paris, rushed and stopped a man who boarded with an AK-47 and a handgun. Two, including Stone, were shot but no one was killed, and a potential massacre was prevented thanks to the men's heroic acts. **PRINCESS CHARLOTTE**

Kate Middleton and Prince William welcomed their second child and first daughter, Charlotte Elizabeth Diana on May 2, 2016. Charlotte automatically became fourth in line to the British throne behind Prince Charles, William and George of Cambridge.

...I SHALL ERASE YOU FROM

GERMAN AIRBUS CRASH Germanwings A320 crashed into the French Alps in March killing all 150 passengers onboard. The investigation was ongoing, but it was clear that Captain Patrick Sonderheimer left the cockpit for unknown reasons and co-pilot Andreas Lubitz did not respond to his knocks on the cockpit door as he tried to return; the plane's tragic and drastic descent began simultaneously. **HAJJ STAMPEDE** More than 2,100 people were trampled and killed in Saudi Arabia near a holy site during the hajj, an annual Islamic pilgrimage to Mecca, after two enormous waves of Muslim pilgrims collided. The 5-day religious journey is required of all Muslims at least once in their lifetime, and drew nearly 2 million pilgrims from more than 180 countries in 2015. **METROJET FLIGHT 9268** Militant group ISIS released a statement claiming responsibility for the Russian plane that crashed over Egypt's Sinai Peninsula on October 31, killing 224 passengers on board. ISIS later published a photo in their online magazine *Dabiq* of the supposed bomb that caused the crash: a soda can pictured with two simple additional components that would have been the detonator and a switch.

QUEEN ELIZABETH II In September, Her Majesty became the longest-reigning monarch in 1,000 years of British history, surpassing her great, great grandmother Queen Victoria. **MALCOLM TURNBULL** Australia's 29th elected Prime Minister defeated Tony Abbott and promised a 'thoroughly liberal government.' **MAURICIO MACRI** Elected as Argentina's president in December, he was the first democratically-elected, non-radical or Peronist president since 1916. **JUSTIN TRUDEAU** Canada elected this teacher their new Prime Minister. His father, Pierre Trudeau, filled the office twice.

EL CHAPO Joaquín Guzmán Loera, Mexico's most-wanted drug lord, was arrested after escaping for a second time through a tunnel in his cell of a maximum security prison. A United States extradition process was initiated.

TRENDS & TALK

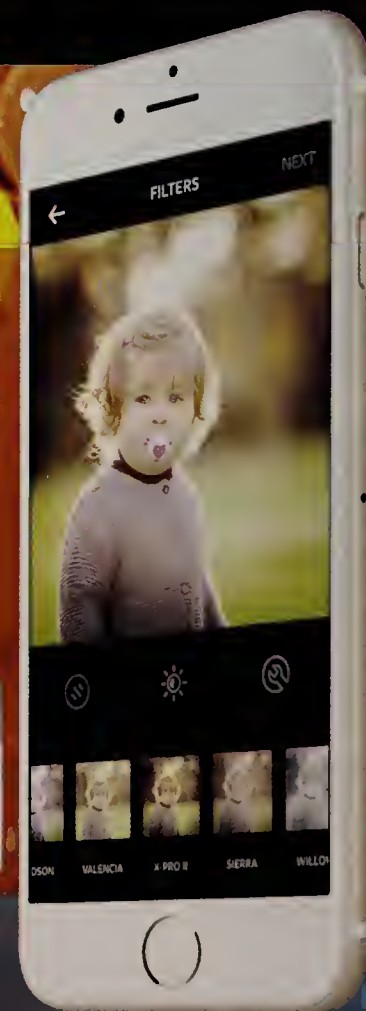

THE YEAR'S "TABLE TALK" OFTEN TURNED TO THE FOOD INDUSTRY'S HIGHS AND LOWS.

UNCONVENTIONAL SALMON The first genetically modified animal for human consumption was approved in November. AquaBounty Technologies was behind the innovative salmon that they claimed would be just as safe as farm-raised fish, but would grow faster and in half the time. **MICKEY D'S POSITIVITY** The fast food chain gained publicity after launching (a very successful) all-day breakfast menu; momentum continued as they announced a campaign to benefit refugees, and were in the news yet again when a pay-it-forward chain of 250 customers began in a Florida drive-through during the holidays. **NUMERO UNO** At risk of demolition, Taco Bell's first 1962 store was moved 45 miles from its Downey, CA location to company headquarters in Irvine, CA. Meanwhile, the chain opened its first store in Tokyo, making it only the second location in Japan. **NO MORE TRANS FAT** In June, the FDA gave the food industry a deadline of three years to completely rid foods of trans fats, a leading cause of heart disease in the United States. **#RAINCHECK** Chipotle's reputation suffered after E. coli, Salmonella and Norovirus outbreaks were all linked to the restaurant in separate areas of the US. In an effort to regain trust, they held company-wide food safety meetings during lunch hours on February 8; shortly after, the chain offered free burritos to those who texted "RainCheck" to 888222 for the inconvenience.

SOCIAL MEDIA'S EVER-EXPANDING INFLUENCE

On average there were 400 million monthly Instagram users in 2015, and the social media app began leaving its mark in very permanent ways: as baby names. Amaro, Reyes, Hudson, Ludwig and Kelvin appeared more often, as well as Lux, which rose 75% on the list of popular boy names, compared to last year's list.

Filter names used for girls: Valencia, Willow and Juno.

THE DAB The latest dance craze (there's always one) was born within Atlanta's hip-hop culture, but really hit the mainstream when the Carolina Panther's quarterback Cam Newton introduced celebratory Dabs after touchdowns. The media caught Betty White, Mississippi State's Dak Prescott, and Victoria Azrenka all doing the Dab.

MOST POPULAR Taylor Swift's 65.9 million Instagram followers topped Kim Kardashian and Beyonce by millions.

DISLIKE BUTTON Facebook announced a new "dislike" option in October without a release date. **PERISCOPE**

Apple named the live-streaming video app "App of the Year." **WORD OF THE YEAR** Oxford gave the annual title to the crying-laughing emoji. **HOVERBOARDS**

The popular device often malfunctioned and was banned on streets and airplanes. **TESLA**

The electric car company introduced a battery for efficient home energy.

APPLE The tech giants worked on an electric car with a target ship date of 2019. **VOLKSWAGEN**

The company was fined billions for cheating on emissions tests; shortly after, the VW CEO resigned. **DRONE DELIVERY**

Amazon, WalMart and Google considered drone delivery service, though federal regulations were a large obstacle.

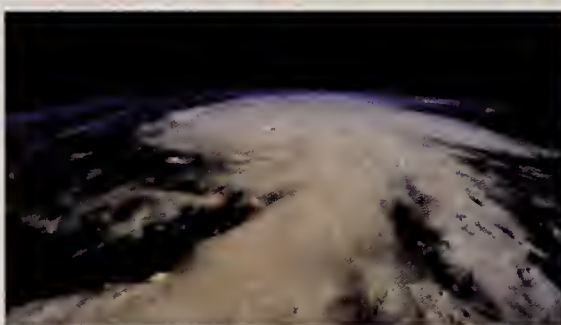

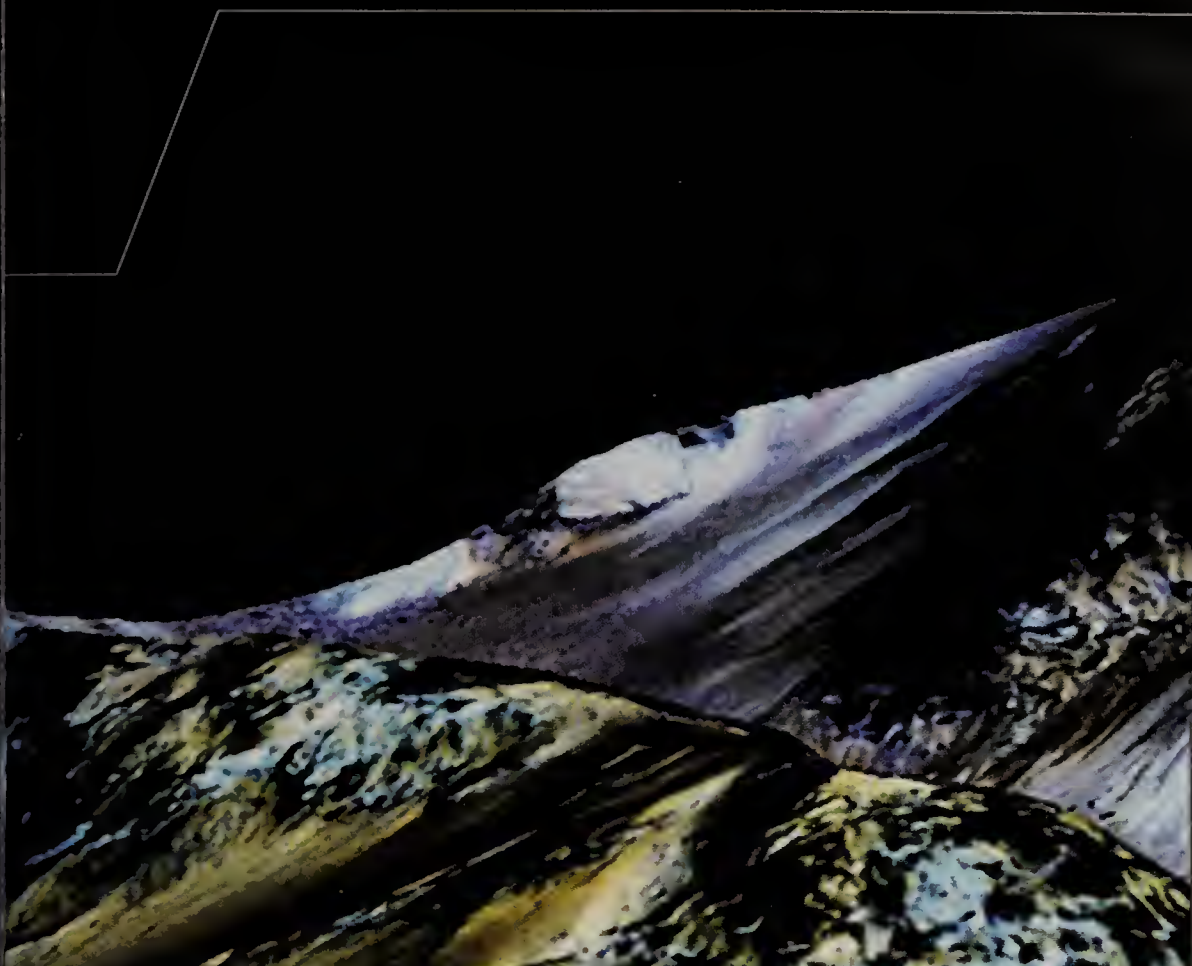

DISCOVERY & IMPACT

MOTHER NATURE REMAINED UNFORESEEABLE AND SCIENCE, UNDENIABLY AWE-STRIKING.

Amidst all of Mother Nature's mood swings — floods, fires and earthquakes — she and the world of science made sure to leave their mark on the year. When scientists announced there was flowing water on Mars, it gave rise to a question that has long been considered: Does life exist beyond Earth? The watery flow was confirmed by dark streaks that patterned the surface during Martian spring and summer months. Whether or not life could be supported was impossible to determine, and would depend on how briny the water was and how cold the conditions were. Regardless, the discovery reopened doors for NASA researchers to further investigate potential life on Mars.

HURRICANE PATRICIA In October, a Category 5 hurricane near Mexico's Pacific coast was the strongest ever recorded in the Western Hemisphere, with maximum wind speeds of 215 mph. **SOUTH CAROLINA FLOODS** The state dealt with more than two feet of rain in October, resulting in thousands of power outages, 17 deaths, several failed dams and an estimated \$1 billion in damages. **EL NIÑO** The second of two back-to-back warmest years recorded was due to an unusually strong El Niño in the Pacific Ocean and ongoing global warming. **CALIFORNIA BLAZES** In September, more than 1,000 homes were destroyed from two massive and relentless wildfires in Northern California. **DENALI** President Obama renamed Mount McKinley Denali in an effort to keep his 2008 campaign promise of improving relations between the government and existing Native American tribes.

the *unpredictable*

POWERFUL BLOWS FROM NATURE Earthquakes shook areas of Afghanistan/Pakistan in October, Nepal in late April and Chile in September. The 7.5 magnitude quake in Pakistan led to nearly 400 deaths when it originated more than 200 kilometers below Earth's surface. The 7.8 magnitude tremor devastated Nepal with more than 8,800 deaths and 3.5 million citizens in need of assistance. Chile's 8.3 magnitude quake was nearly five times stronger than Nepal's, but caused an estimated 10 deaths, one million evacuations, tsunami alerts and hundreds of aftershocks.

NEW HUMAN LINEAGE

Homo naledi, a previously unidentified species of human lineage, was found in the Rising Star Cave in South Africa in September and was part of one of the largest samples of hominin species ever found.

PEACE PRIZE The prestigious award in medicine went to three: William Campbell and Satoshi Omura for their efforts against ringworm and Youyou Tu, for her research in creating a drug that would effectively tackle malaria. **#EMPTYTHETANKS**

With an existing badly damaged reputation, SeaWorld announced that it would end its theatrical orca shows in San Diego by the end of 2016. To make matters worse, an 18-year-old orca died of a fungal infection at the San Antonio location in December.

CECIL THE LION A beloved male lion living in the Hwange Game Reserve in Zimbabwe was shot and killed for sport by Walter Palmer, an American dentist and big game hunter. The big cat was lured out of the sanctuary when killed, and worldwide protests followed. However, Zimbabwe decided not to press charges.
